Color Options

We sell our candles at the stand dye-free (white in color) to keep them as natural as possible. If you do not indicate a color on your order, your candles will be white. Please note that we are unable to create dark colors as the amount of dye needed to achieve it can create issues when burning. All of our candles are hand-poured in small batches so there may be color variation between batches. Keep in mind the colors will be light in depth.
